NATALIE WOODARD

THE CODING LINGUIST

nwoodard72@gmail.com| (505) 459-1858

OBJECTIVE

I am interested in Natural Language Processing as it applies to Artificial Intellegence and research in human language and behaviors. My educational background is in linguistics and I find language processing applications fascinating. I would love to find a way to implement that into a software development career.

SKILLS

- Ultimate teamworker, I love group projects.

- Experience in Fullstack Software Development

- Able to successfully manage multiple priorities and meet deadlines.

- Eager to learn new skills and get established within my career.

- Experience annotating audio data within a linguistic setting in a variety of platforms

- Participated in and performed small case studies and research projects in a variety of subjects.

- Learned hands-on skills and tools to conduct surveys and studies in a variety of subjects.

EXPERIENCE

Massage Therapist

- Sweet Soul Therapeutic Massage | Corrales, NM
- Por Vida Therapeutics | Albuquerque, NM
- Enlighten Wellness Center| Albuquerque, NM

Various

- Variety of Customer Service and Retail jobs prior to my Massage Therapy Certification
